SHORELINE MANAGEMENT APPLICATION

City of Ferndale Community Development Department
2095 Main Street/ PO Box 936
Ferndale, WA 98248   (360) 384-4006
www.cityofferndale.org

- An Appointment is Required to Submit Your Application
- A Master Development Application is Also Required

SUPPLEMENTAL

This is an application for substantial development, conditional use, or variance permit as authorized by the Shoreline Management Act of 1971. It is suggested that you check with appropriate local, state, or federal officials to determine whether your project falls within any other permit systems.

1. Name of Applicant ____________________________________________________________

2. Mailing Address ____________________________

3. Relation of applicant to property (Specify Relationship):
   Owner _____ Purchaser _____ Lessee _____ Other _______________________

4. Name and address of owner, if other than applicant __________________________________
   __________________________________________________________________________

5. General location of proposed project (Please list section to the nearest quarter section, township, and range)
   __________________________________________________________________________

6. Name of water area and/or wetlands within which development is proposed
   __________________________________________________________________________

7. Current use of the property with existing improvements
   __________________________________________________________________________

8. Proposed use of property (Please be specific)
   __________________________________________________________________________

9. (To be completed by local official) Nature of the existing shoreline. (Describe type of shoreline, such as marine, stream, lake, lagoon, marsh, bog, swamp, flood plain, floodway, delta; type of beach, such as accretion, erosion, high bank, low bank, or dike; material such as sand, gravel, mud, clay, rock, riprap; and extent and type of bulkheading, if any):
   __________________________________________________________________________

10. (To be completed by local official) In the event that any of the proposed buildings or structures will exceed a height of thirty-five feet above the average grade level, indicate the approximate location of and number of residential units, existing and potential, that will have an obstructed view.
   __________________________________________________________________________
11. (To be completed by local official) If the application involves a conditional use or variance, set forth in full that portion of the master program which provides that the proposed use may be a conditional use, or, in that case of a variance, from which the variance is being sought.

________________________________________________________________________
________________________________________________________________________

12. Project Diagrams: Draw all site plans and maps to scale, clearly indicating scale on lower right-hand corner and attach them to the application.
   a. SITE PLAN. Include on plan:
      1. Site Boundary
      2. Property dimensions in vicinity of project
      3. Ordinary high-water mark
      4. Typical cross section or cross sections showing:
         i. Existing ground elevations
         ii. Proposed ground elevation
         iii. Height of existing structures
         iv. Height of proposed structures
      5. Where appropriate, proposed land contours using five-foot intervals in water area and ten-foot intervals on areas landward of ordinary high-water mark, if development involves grading, cutting, filling or other alteration of land contours.
      6. Show dimensions and locations of existing structures which will be maintained
      7. Show dimensions and locations of proposed structures
      8. Identify source, composition, and volume of fill material
      9. Identify composition and volume of any extracted materials, and identify proposed area
     10. Location of proposed utilities, such as sewer, septic tanks and drainfields, water, gas, electricity
     11. If the development proposes septic tanks, does proposed development comply with local health and state regulations?
     12. Shoreline designation according to master program
     13. Show which areas are shorelines and which are shorelines of statewide significance
   b. VICINITY MAP
      1. Indicate site location using natural points of reference (roads, state highways, prominent land marks, etc.)
      2. If the development involves removal of any soils by dredging or otherwise, please identify the proposed disposal site on the map. If the disposal site is beyond the confines of the vicinity map, provide another vicinity map showing the precise location of the disposal site and its distance to the nearest city or town.
      3. Give a brief narrative description of the general nature of the improvements and land use within one thousand feet in all directions from development site (i.e., residential to the north, commercial to the south, etc.)
