THE GREAT FERNDALE TREASURE HUNT

How to Play:

It is free to play – all you need is a team of buccaneers and a willingness to explore your city!

The first step is pick up a scorecard which you can download here, or picked up at City Hall or at the Star Park Anniversary celebration June 2nd starting at 5:30pm at Star Park. This is how keep track of the clues you've found and the points you've earned.

Next step is gather your team. Teams can be up to five people and you get extra points for a team that brings together people from outside your usual circles so get creative. After all, this is a great opportunity to get to know your neighbors.

Treasure Hunting:

Clues will be distributed through the City's facebook page (found here), twitter account (found here) and posted at City Hall, the Ferndale Library and the Ferndale Visitor Center. The first clue will be released Sat. July 1st, and then after that it is every Tuesday and Friday until the Old Settlers Picnic.

The clues will lead you to the treasure chests displayed around town. Most of them are in Ferndale Parks but not all of them. The chests look like this:

Inside the treasure chest is a secret code. Write this down on your scorecard to get points for that treasure. The secret code is a word scramble. If you rearrange the letters in the

example above, you find that it spells out "Word Scramble".

If you unscrambled all the clues, you will find a riddle. Solve the riddle for extra points.

Exploring Your City:

There is so much more you can do to participate and win points for your team. On your scorecard, under "Exploring Your City", there are number of other activities you can do. They can be accomplished individually or as a team, whichever you prefer. All the activities require you to record something on the scorecard – and more details on each activity are on the backside of your scorecard.

Prizes and Winners:

All scorecards are due by 4pm on Friday, July 28th. Winners will be announced at the Old Settlers Picnic and posted online Monday, July 31st.

Prizes include headphones, gift cards, electronics and much more!

Final Thoughts:

The Great Ferndale Treasure Hunt is designed to get people outside, moving around and enjoying our city but as you can imagine, all these things involve a little risk. Please be safe and use good judgement when exploring and interacting with others. Participants play at their own risk.

Thank you again to the Whatcom Community Foundation for the Project Neighborly Grant that made this all possible, thank you to our media sponsor KAFE 104.1pm and of course, to the Parks, Recreation and Trails Advisory Board for helping organize all this.
