Bob Cecile, P.E.
Public Works Director
City of Ferndale
P.O. Box 936
Ferndale, WA 98248

Re: Bakerview Booster Pump Station

Dear Mr. Cecile:

The bids for the above referenced project have been checked for completeness and errors. The low bid was submitted by Friberg Construction Co., Inc. P.O. Box 1406, Ferndale, WA 98248 in the amount of \$779,400.00 base bid. Alternate 1 bid is \$10,805.00. Alternate 2 is \$12,500.00. Sales tax on all three items is \$67,427.22. The total with Alternates and sales tax is \$870,132.22. The Engineer's estimate for the base bid was \$788,000.00 which did not include Alternates or tax.

The project can be awarded for just the base bid or with either or both alternates. Alternate 1 includes demolition of the old booster station and Alternate 2 includes updated radio gear for the telemetry system that matches the new type the City is installing. The project can be constructed satisfactorily without the Alternates.

Based upon the bids received we recommend awarding the Contract with Alternates 1 and 2 to Friberg Construction Co., Inc.

Sincerely,

Carl F. Reichhardt, P.E.
