

Request for Qualifications for Construction Engineering & Construction Management Services

Posted on [May 4, 2016](#) by [Riley Sweeney](#)

The City of Ferndale is seeking qualification statements from professional engineering firms with experience providing construction inspection and engineering services for the City of Ferndale's [Sanitary Sewer Pump Station #2 and #3 Rehabilitation Project](#).

It is anticipated the call for bids will be issued in **May 2016** for construction of the improvements planned as part of the Ferndale's Sanitary Sewer Pump Station #2 and #3 Rehabilitation Project. The description of work is the following:

This project will provide necessary upgrades at two vital and aged sanitary sewer pump stations. The first is Pump Station #2 located on Main Street, adjacent to the east bank of the Nooksack River. Work in this facility will include replacing the 12" sanitary sewer forced main, installing a new generator and new mechanical and electrical systems within the existing building, plus other improvements. The second is Pump Station #3 located within the City right of way on Barrett Avenue, approximately 1/8 mile south of Main Street. Improvements to this facility will also include installation of a new generator and new mechanical and electrical systems within the existing building, plus other improvements.

An informational copy of the draft plans and specifications will be on file for inspection at the Public Works Department on the 2nd floor of City Hall at 2095 Main Street, Ferndale, Washington. Electronic copies of the plans and specifications will also be available for download from the [City's website by clicking here](#).

The City is seeking an Engineering firm to provide construction engineering services, including but not limited to project inspection services, engineering support, material testing, and construction surveying.

Interested parties are responsible for monitoring this website for information concerning the RFQ and any addenda issued.

Interested firms shall submit a Statement of Qualification that contains the following:

1. Cover Letter.
2. Outline the qualifications of the firm to perform this work.
3. Project support. Provide an organizational chart of the proposed Engineering and Inspection team and a short resume of all key people listed on the chart.
4. Describe the firm's experience in administering projects.
5. Provide a list of projects that were similar in scope. Project list should include year completed, budget, scope and reference contact.

The Statement of Qualification submittal shall be a maximum of 10 single-sided pages. One original and four copies shall be submitted, as well as an electronic copy on either a disk or a thumb drive.

RFQ SUBMITTAL DEADLINE AND DELIVERY LOCATION
