

Left side MEDIUM BOX

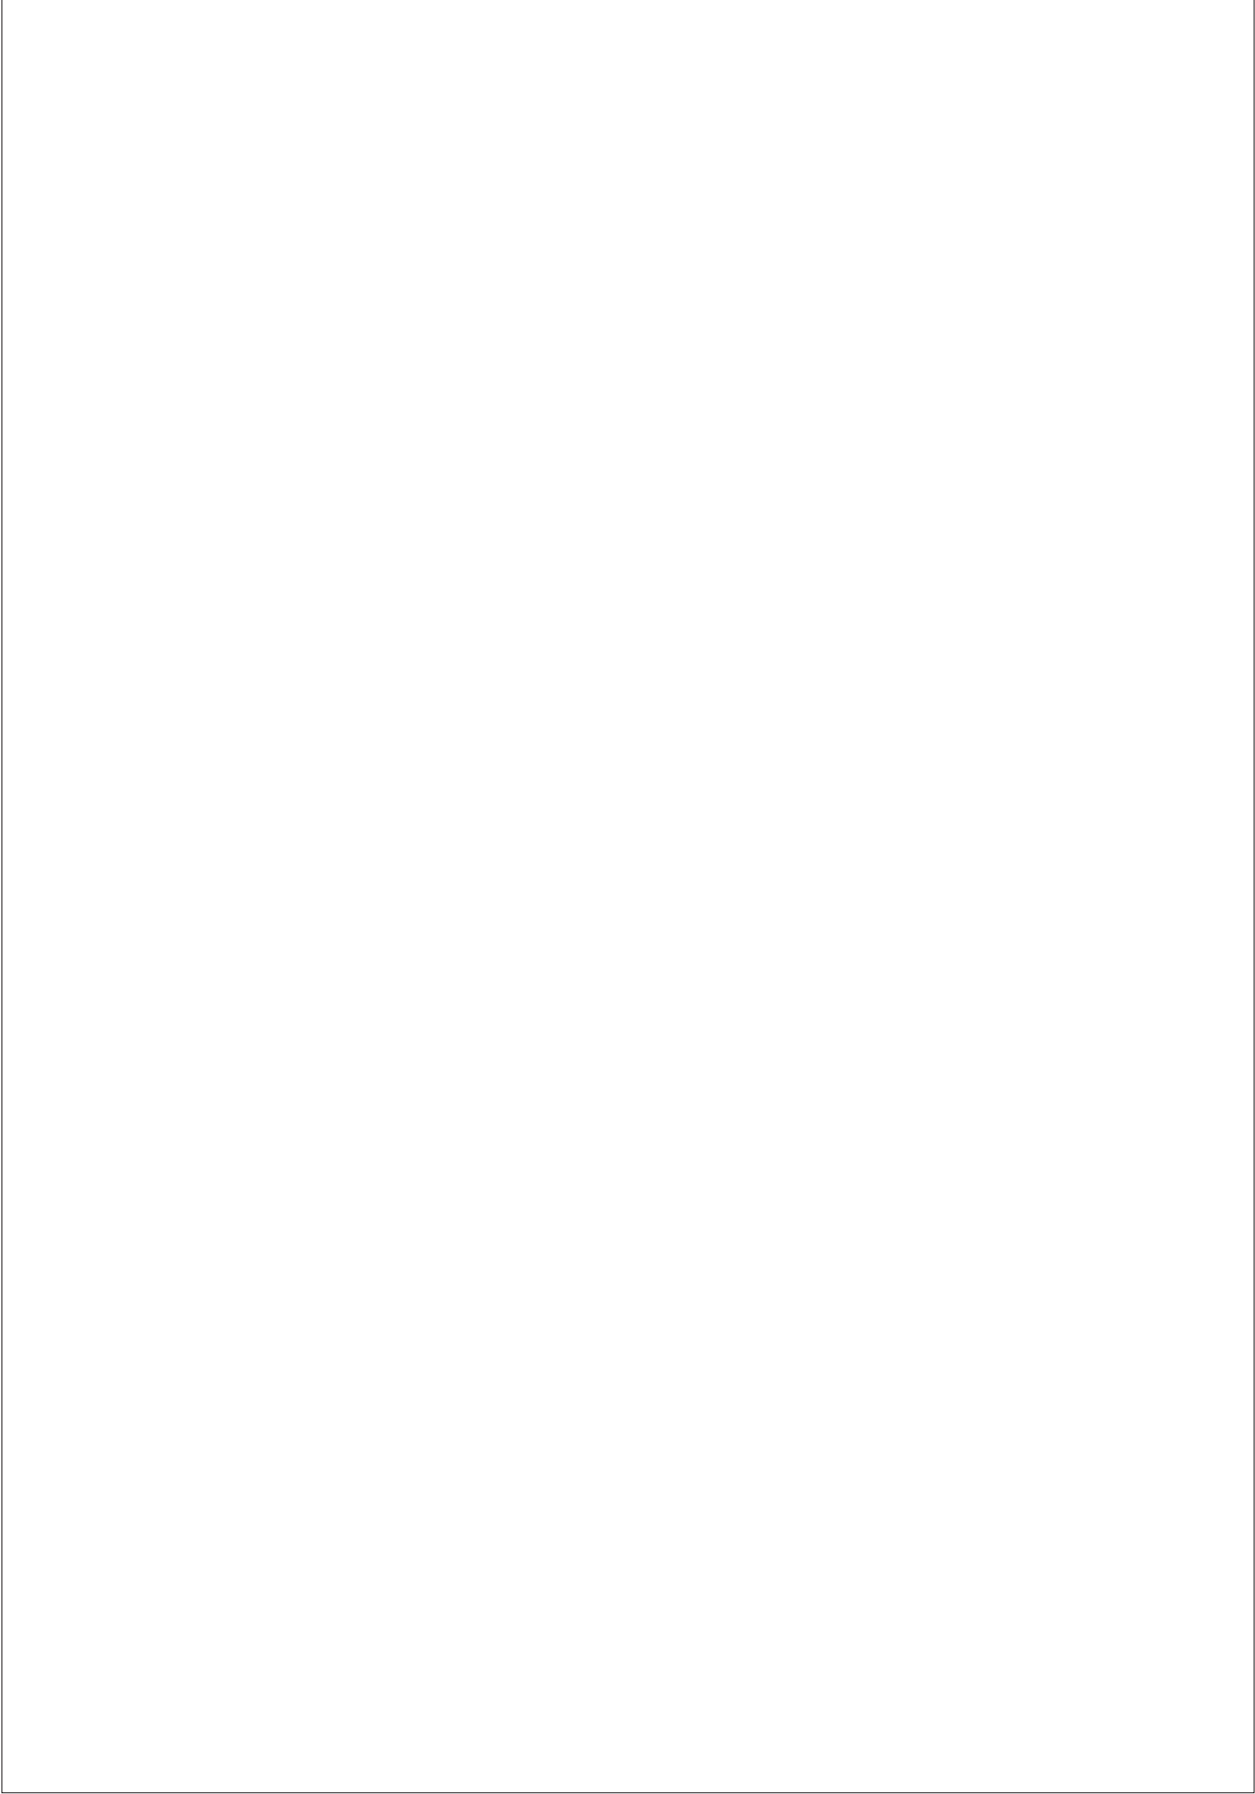

Front side MEDIUM BOX

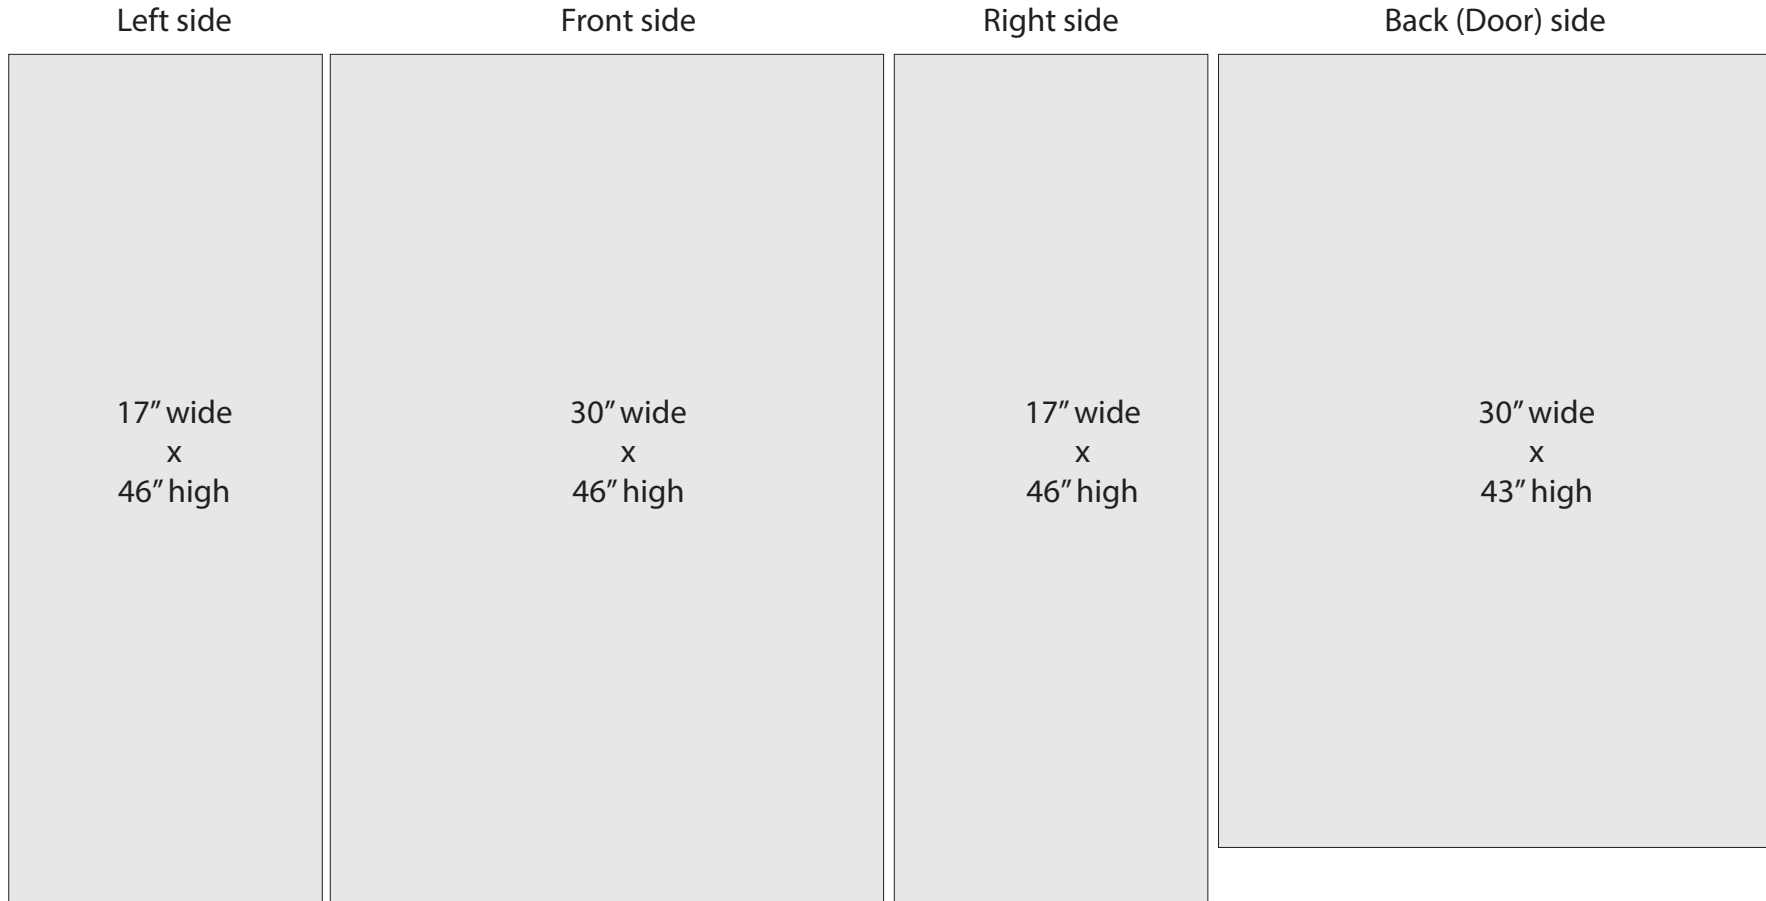

Right side MEDIUM BOX

Back (door) side MEDIUM BOX

MEDIUM BOX

Example of how the panels are arranged for this metal box. It will be installed as four separate panels and may not line up at each corner. See map for locations of MEDIUM boxes to get an idea of how it might appear. Do not design on this page. Please use the four other pages. You can draw outside the lines, but it will only be printed up to the outline. If you are drawing digital, please make artboard to actual size. Depending on the box, some artwork may be cut out to allow for keyholes, handles, vents, hinges, or access doors.

NOTE - Page labels are sideways so more drawing room is available. Refer to the above diagram for actual layout.

NOTE - Door side may depends on location of box, not necessarily front or back.
